<b>Doctoral Practicum Students (currently completing their PhDs)</b>	All intakes and sessions operate at a sliding scale rate and will be determined based on the Client's financial means. Common CPT codes are 90791 and 90834.	Varies	Average intake rates are \$40-100; Average session rates are \$30-\$80

The above includes standard intake, individual therapy, couples therapy, and family therapy sessions for all clinicians. Most common session lengths for standard psychotherapy are 45-50 minutes. Telehealth add ons would be used to designate a virtual service (e.g., 90834-95). The codes listed above are the most commonly billed. If your care requires a different code, please discuss with your provider the fees associated.

**Standard Medication Management Fees 2023**

<b>Provider</b>	<b>Most Common Service (CPT) Code(s)</b>	<b>Session Length</b>	<b>Fee</b>
<b>Katie Weinel, MD</b>	Intake Session (99205)	90 minutes	\$400
	<i>Complex Follow Up Evaluation (99215)</i>	<i>40-54 minutes</i>	<i>\$300</i>
	<i>Follow Up Evaluation (99215)</i>	<i>30-39 minutes</i>	<i>\$190</i>

**Group Therapy Fees**

The below includes various group therapy services provided by both licensed clinicians and trainees (e.g. post-doctoral fellows). All groups bill monthly and bill to maintain your spot in the group; the 24 hour cancellation exception does not apply. Please speak directly with a group leader to confirm billing policies and length of the group (e.g., 10 groups; 24 groups).

<b>Group</b>	<b>Most Common Service (CPT) Code(s)</b>	<b>Session Length</b>	<b>Fee Per Group*</b>
<b>Adult DBT Group</b>	90853	120 minutes	\$90
<b>Adolescent DBT Multifamily Groups (All ages)</b>	90849	120 minutes	\$120
<b>Neurodivergent DBT Skills Group</b>	90853 or 90849	90 minutes	\$100
<b>Emotional Resiliency Group</b>	90853	90-120 minutes	\$75 (90 minutes) \$90 (120 minutes)
<b>SPACE Caregiver Group</b>	90849	60 minutes	\$100 (individual or family)
<b>EMERGE Young Adult Group</b>	90853	90 minutes	\$75
<b>EMERGE Caregiver Group</b>	N/a	60 minutes	\$75 (individual) \$100 (couple)

*\*Many groups require a 1-2 session intake to determine fit for the group. These are billed differently across groups; please confirm intake rates with your group intake provider.*

**Psychodiagnostic & Psychoeducational Assessment Fees\***

<b>Description</b>	<b>Most Common Service (CPT) Code(s)</b>	<b>Average Length</b>	<b>Fee</b>
<b>Initial Intake Consultation</b>	90791	1-2 hours	\$225 per hour
<b>Intake Data Gathering</b>	96136 and/or 96137	1-4 hours	\$225 per hour
<b>Psychological or Neuropsychological Test Administration</b>	96136 and/or 96137	Varies by request	\$225 per hour
<b>Interpretation and Treatment Planning (Writing)</b>	96130 and/or 96131	1-3 hours	\$225 per hour
<b>Interpretive Results Meeting</b>	96130	1 hour	\$225 per hour

*\*Psychological assessments may vary widely in the time needed to properly answer a psychodiagnostic (diagnosis) or psychoeducational (testing) question. Please discuss an estimated total of your particular services from your assessment provider.*

**Ancillary Service Fees**

<b>Service</b>	<b>Fee</b>
<b>Phone consultation*</b>	\$50 per 15 minute increment
<b>Document or email review*</b>	\$50 per 15 minute increment
<b>Official letter writing or form completion</b>	\$50 per 15 minute increment
<b>Any legal or court related services</b> <i>This includes court testimony, preparation of documents, legal consultation, and travel or related expenses</i>	\$650 per hour

*\*Standard coordination of care between providers (e.g., psychiatrists), DBT coaching calls, or brief, clinically appropriate phone or email communication with a client or caregiver are not standardly billed. Fees are assessed if/when it is determined that the amount of outside of session contact required to ethically and professionally provide care is substantially above standard care due either to the complexity of the clinical concern or the level of communication requested by the client(s).*
